

ALEKS®

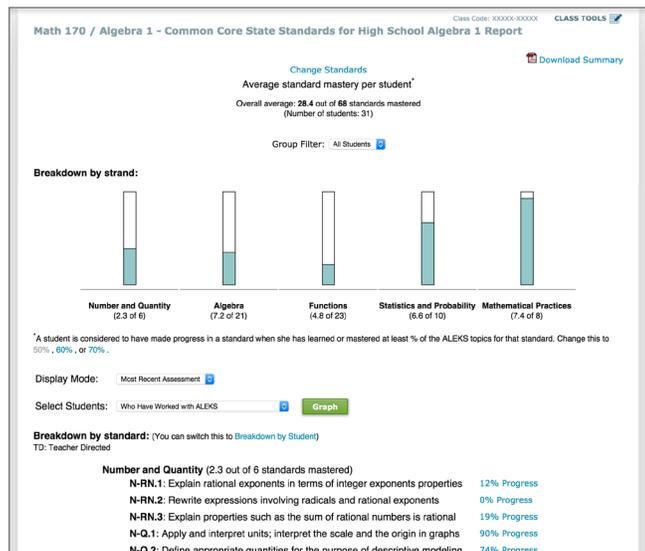

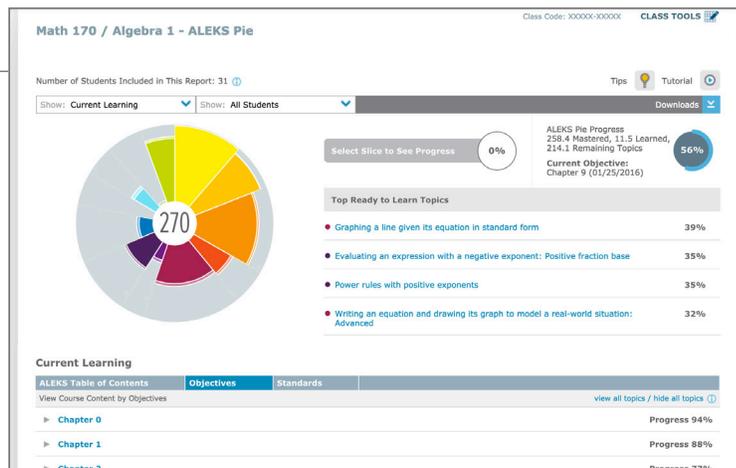

Use Real-Time Data to Target Math Learning

With dynamic reporting options in ALEKS®, you can monitor student progress and use instructionally actionable data to guide one-to-one or whole-group learning.

Monitor Course Mastery

Know what students have mastered, where they are struggling, and what they're ready to learn using the ALEKS Pie Report.

Meet the Standards

Ensure students are prepared for state standardized testing and the new math assessments. The Standards Report provides a precise breakdown of student performance against the CCSS and all 50 states' standards.

Check Time on Task

With the **Time & Topic Report**, know which topics have been attempted, how many have been learned, and how long it took.

Progress Report

Last Login: 01/14/2016 | Enroll Date: 09/14/2015 | Hours per Week: 3.7 | Total Time in this Class: 67h 17m

Reason	Start	Finish	Progress	Percent	ALEKS Grade	Topics Learned	Hours in ALEKS	Topics Learned per Hour
Progress Knowledge Check	Dec 30	Dec 30 40m 37s	<div style="width: 39%;"></div>	39 +3%		17	9.5	1.8

Initial Knowledge Check	Sep 14	Sep 14 33m 32s	<div style="width: 28%;"></div>	28 +4%		19	9.9	1.9

See Progress Over Time

Motivate students by showing their continuous progress in the course. Or, identify those who may need intervention. The **Progress Report** provides a view into class and student learning, and retention over a period of time.
