

Utah STEM Action Center Targeted Computing Partnerships Drone Grant Program

Information & Guidelines for the Request for Grants Fiscal Years 2027-28

The funding of all STEM Action Center grants is contingent on continued funding from the Utah State Legislature.

Applications Due: October 30, 2026

This application can be found on the site utahstemgrants.smapply.io , with a link to the application site available from the STEM Action Center website, stem.utah.gov as well.

Questions regarding this application, including interpretation and clarification of any section of this grant project should be directed to lreichert@utah.gov or emileeking@utah.gov

General Information

Introduction:

The purpose of this grant program:

- Provide funding to Local Education Agencies (LEAs) and individual schools to support drone computing activities which align with student engagement strategies.
- These grants will be supported with funds provided by the 2017 legislature via Senate Bill (SB) 190.
- Applicants are encouraged to emphasize drone activities that support integration of coding and programming into problem solving and that are cross-disciplinary. The STEM AC is also interested in activities that provide access to all students and have a focus on activities outside of the classroom; however, activities are not limited to out of school as long as the primary focus is on out of school time.

NOTE: One submission per school or LEA is allowed. Applicants may request funds for 2 years.

Applications will be accepted through an online grant application form. It is strongly recommended that the applicant read this document before beginning the application process.

Overview:

The intent of this Computing Partnerships solicitation is to provide funding to Utah LEAs and schools to support drone, applied computing activities which align with Utah's Computer Science Education Master Plan. These funds are separate from USBE grant programs; however, applicants are encouraged to design their STEM AC funding in coordination with their USBE four-year planning grants.

The STEM AC has worked with our third-party evaluation partner, the Utah Education Policy Center (UEPC), to identify key activities which are important for the success of this program. The STEM AC has also used data from the current grant program, which supports the need for resources that address the key activities below.

Eligibility:

Public districts and schools are eligible to apply for funding. Grant awardees from previous solicitations of the Computing Partnership Grant Program are eligible to apply for funding.

Applicants are encouraged to partner with one or more of the following entities:

- industry,
- higher education (university, community college, applied technical college),
- community and cultural organizations, and
- other LEAs.

Period of Performance

Applicants may apply for two fiscal years of funding. Grant period of performance will begin the date all signatures are completed on the Grant Agreement. All grants will be completed on June 30, 2028, with budget and expense reporting submitted.

Funding

Maximum grant amount is up to \$33,000 for the first year and up to \$47,000 for the second, expansion year.

Funding will be distributed in two installments per contract year. The first installment, comprising 75% of the total amount awarded, will be distributed after receipt of the signed Grant Agreement and submission of a budget, planned supplies list, and invoice. The remaining 25% of funds will be sent upon evidence of expenditures and completion of all required reporting. This payment will be processed upon receipt of the invoice, not sooner than January 15th and no later than June 16th of each year. Fiscal and program outcomes must be reported by the grantee on a semester basis. Grant funds received but not expended shall be refunded to the grantor at the end of each grant year. Grant monies awarded are state funds and are not subject to Federal OMB Circulars regulations. All funds must be expended and purchases received by no later than June 30th of the relevant fiscal year. Final invoices will be due no later than June 16th of the relevant fiscal year.

NOTE: The grantor may determine to fund a project at less than the requested amount due to the availability of funds.

Contracting and Monitoring

The STEM AC will be responsible for contract development, oversight, and monitoring for approved applications. The STEM AC will monitor grantees to verify program outcomes and financial expenditures. The applicant will be required to report each semester and summer on fiscal and program status. The reports are intended to support formative assessment, ensure that the STEM AC can fully support the applicants and partners with any ongoing challenges, and sustain the ongoing funding from the legislature by reporting on successes and outcomes on a regular basis.

Reporting templates will be provided to awardees. All report deadlines will be determined and shared at the time of the award. All grant awardees are expected to work with the STEM AC and third party evaluators for the collection and submission of data, such as pre- and post- surveys and qualitative outcome data.

Allowable Activities and Expenditures

The proposal must clearly demonstrate how efforts will help to create new computing activities or enhance an existing program targeting activities that build a computing culture or that have been identified as gaps in the existing program.

The following is a list of potential activities that are allowed in an applicant's proposal.

- Provision of out-of-classroom sessions for the piloting, building and repairing of drones, preparing for drone soccer or other drone competitions, and development of

applied drone piloting, photography and other skills

- Incorporating Science, Technology, Engineering, and Math (STEM) skills into drone computing activities
- Designing activities that facilitate industry involvement (e.g., out-of-classroom activity design, mentoring, sponsorship)
- Designing activities that support or address recruitment of all students
- Providing faculty compensation where justified in accordance with district policy (extra contract days, stipends)
- Purchasing supplies, equipment and/or educational technologies that are aligned with the activity needs

NOTE: Applicants are not allowed to supplant existing Career and Technical (CTE) with funding from this program.

NOTE: Applicants are requested to disclose all existing sources of funding that may be leveraged for their projects, including other state and federal dollars awarded by other grant programs, as well as any in-kind donations from industry partners.

Timeline & Application Guidelines

Timeline

Date	Task
October 5, 2026	Application opens
October 8, 2026 3:30 - 4:30pm	Webinar- Provide information on proposal design and submission, and an opportunity to ask questions. Site: https://utah-gov.zoom.us/j/7518269871?omn=87952914151 Meeting ID: 751 826 9871 You may also dial in using your phone: +16694449171,,7518269871# US
October 30, 2026	Completed Application Due by 11:59 pm All applications must be submitted through the online submission system.
Through November 15, 2026	Proposal review and evaluation
November 19-20	Award notification
December 18, 2026	Signed grant agreements due
Contract Year 1	Reports due in January, May and September *Failure to submit these documents on time may result in the forfeit of any granted funds.
Contract Year 2	Reports due in January and May. *Failure to submit these documents on time may result in the forfeit of any granted funds.

Any questions regarding any section of this RFG should be directed to the STEM AC Coordinator, Lynn Reichert (email: lreichert@utah.gov) or Emilee King (email: emileeking@utah.gov)

Application Guidelines

1. All applicants must identify their computing priorities prior to application. The STEM AC recognizes that LEAs and schools will be at various phases of creating activities and programming. Applicants in the early stages of developing a program are strongly encouraged to reach out to Lynn Reichert (email: lreichert@utah.gov) or Tami Goetz (email: tgoetz@utah.gov). The STEM AC can provide valuable connections to other LEAs that may have insight into various aspects of drone activity design.
2. All funded applicants will be expected to participate in collaborative network or community of innovation webinars. The intent of the Computing Partnership initiative is to foster collaboration across regions, and the entire state. The result of the collaboration is to share successes, challenges, and ensure that LEAs have the opportunity to work with their peers outside of their typical network. This will allow for all partners to not only have access to other ideas, but to share their insight on design, implementation, and outcomes.
3. Utah companies played a critical role to secure this funding. They are committed to helping LEAs to be successful in their computing efforts. Applicants are encouraged to give considerable thought to how industry partners can support proposed activities. Applicants proposing middle and high school activities are encouraged to consult with employers to determine the skill requirements for employment or career progression in in-demand technology occupations. The applicants, especially rural partners, are encouraged to reach out to the STEM AC as a resource to connect with local companies, if needed.

Application components & scoring:

The online application form has been divided into the following sections. Applicants proposing elementary activities are encouraged to identify activities that facilitate industry engagement.

NOTE: All materials to be reviewed must be provided within the proposal. Reviewers are not expected to follow links, other than uploaded attachments as requested.

Section	Question Number	Information Gathered	Question Value	Weight
1	1-5	Applicant Information	Not Scored	
2	6-8	Project Summary	Not Scored	
3	9	Current Activities	5 points	X1
	10	Collaborations and Partnerships	5 points	X3
	11	Project Description*	5 points	X5
	12	Sustainability and Next Steps	5 points	X3
	13	Evaluation	5 points	X2
4	14	Deliverables and Outcomes	5 points	X3
5	15-16	Budget Description (Line item budget template provided)	5 points	X3
6	17-18	Letters of Commitment	Required but not scored	
7	19	Approvals (template provided)	Required but not scored	

An additional 5 points will be given to rural applications.

Instructions:

Section 1 & 2: Applicant Information and Project Summary (not scored)

Please provide answers to all questions regarding applicant's contact information, project details and a 500-word summary of the project.

Section 3:

Q9: Current Activities (5 pts)

Please provide information related to the drone computing activities that are currently being offered at your school. District and consortium applicants must list these for each school they are including in this grant. Describe computing activities which you propose to support in this application. Include any challenges that have prevented you from offering these opportunities.

Q10: Collaboration and Partnerships (15 pts)

Applicants are highly encouraged to engage and collaborate with the following partners and identify the roles and level of commitment of each partner:

- a. Post-Secondary Institutions – This can include any university, community college or applied technical college. These organizations may contribute on-site (or virtual, if more appropriate) activities; provide access to additional industry linkages, access to facilities and joint creation of activities content.
- b. Industry/Employers – Applicants are encouraged to engage employers to serve as partners in the proposed project. These organizations may be actively engaged in the project and may contribute to many aspects of grant activities, such as mentoring activities and events, providing resources such as equipment, and offering worksite tours and student internships. Please note that many Utah companies have programs that support elementary coding (e.g., Hour of Code, Girls Who Code Club etc.). Elementary school applicants interested in supporting activities that involve companies and their expertise are encouraged to contact the STEM AC.

Applicants are encouraged to focus on employers that are significant in the regional economy and belong to growing or emerging industries, including regional industry clusters; it is recognized that rural communities may not have industry partners in their region. Rural LEAs are encouraged to reach out to the STEM AC team to find employers with whom they can partner.

Partners can be state, regional, and/or local economic development agencies that work closely with employers, understand regional economic needs, and are involved in activities that help to generate and retain existing jobs, and stimulate industrial and commercial growth. Economic development agencies may support the project by ensuring that there are sufficient economic development programs and incentives in place to assist the businesses in achieving their goals.

Q11: Project Description (25 pts)

1. Provide a clear and compelling description of the need for the proposed drone activities that will lead to greater access and participation of students and educators. Clearly state the goals and/or objectives for the proposed activities and how they support the creation of a drone program for the school and district (where appropriate).
2. Demonstrate how the proposed activities lead to increased opportunities in drone activities and careers.
3. Provide linkage to existing and/or emerging programs of study to include high school programs, post-secondary certificate programs, associate's degrees, and baccalaureate degrees, as is appropriate. Integration of drone activities with classroom curriculum is encouraged.
4. Demonstrate industry recognition and acceptance of the proposed program by linking activity outcomes to industry needs or standards (as appropriate).

Q12: Sustainability and Next Steps (15 pts)

Applicants must describe how the activities will be sustained beyond the life of the grant. This should include an outreach and communication strategy. This sustainability planning may require securing funding or future funding commitments. Matching funds will not be required; however, a strong emphasis will be placed on the sustainability of the proposed project.

Q13: Evaluation (10 pts)

Applicants must provide quantitative metrics applicable to their drone activities. Any existing baseline measures must be outlined as well. If the project is new to the school or district, a zero baseline is acceptable.

A third-party evaluator, the Utah Education Policy Center (UEPC) has been contracted to

assist in the final evaluation measures and methods during the performance period. Awardees must agree to work with UEPC and respond in a timely manner to their requests for data.

Section 4: Deliverables and Outcomes (15 pts)

Q14: Deliverables/Outcomes differ from the metrics described in Q15 in that they are more qualitative in nature. They are more descriptive and often represent a tangible product, such as materials and resources created as a result of the funding or capacity created. An outcome can also be an anecdotal description of events or activities that were impactful or transformational.

Section 5: Budget Template and Description (15 pts)

Q15: Provide a detailed narrative for each line item of the budget, describing the planned use of funds. This is not simply a listing of costs, but a description of how the requested funds will be used each individual year within each of the categories of program expenses.

Q16: Using the attached budget template to provide a detailed line item budget for the project for each individual year.

Please note: Applicants are requested to disclose all existing sources of funding that may be leveraged for their projects, including other state and federal dollars awarded by other grant programs, as well as any in-kind donations from industry partners. Applicants are not allowed to supplant existing Career and Technical (CTE) with funding from this program.

Section 7: Letters of Commitment (not scored)

Q17: Each project is required to document commitment from all funded partners; commitment letters from strategic partners may be included as the description of the respective roles and level of commitment of each partner.

NOTE: Multiple letters of commitment should be merged into one document before uploading into the application.

Q18: Please provide detailed description of respective roles and level of commitment from each partner providing a letter of commitment.

Section 8: Approvals (not scored)

Q19: Please have the enclosed document completed and signed by appropriate authorities at each school or district.

Evaluation and Award

Evaluation

Submitted applications will be screened prior to their submission to the Grant Review Team to ensure they meet the minimum qualifications outlined in this RFP.

Proposals will be reviewed using the attached Scoring Rubrics and must have a minimum score of 60 to be considered for award.

Award:

Grants will be awarded at the recommendation of the RFG review committee and the STEM AC staff. The STEM AC reserves the right to award grant funds equal to or less than the requested amounts based upon allowed costs and availability of funds.

ATTACHMENT A

Grant Terms and Conditions

1. **AUTHORITY:** Provisions of this grant ("Grant") are pursuant to the authority set forth in 63G-6a, Utah Code, as amended, Utah State Procurement Rules (Utah Administrative Code Section R33), and related statutes which permit the State to purchase certain specified services, and other approved purchases for the State.
2. **GRANT JURISDICTION, CHOICE OF LAW, AND VENUE:** The provisions of this Grant shall be governed by the laws of the State of thereof. VenueUtah. The parties will submit to the jurisdiction of the courts of the State of Utah for any dispute arising out of this Grant or the breach REGULATIONS: The shall be in Salt Lake City, in the Third Judicial District Court for Salt Lake County.
3. **LAWS AND ADMINISTRATION:** The person or entity contracting with the State under this Grant ("Grantee") and any and all supplies, services, equipment, and construction furnished under this Grant will comply fully with all applicable Federal, and State, and local laws, codes, rules, regulations, and ordinances, including applicable licensure and certification requirements.
4. **RECORDS Grant.** These Grantee shall maintain, or supervise the maintenance of, all records necessary to properly account for the payments made to the Grantee for costs authorized by this later. The records shall be retained by the Grantee for at least four years after the Grant terminates, or until all audits initiated within the four years, have been completed, whichever is services. Such Grantee agrees to allow State and Federal auditors, and State Agency staff, access to all the records to this Grant, for audit and inspection, and monitoring of required. Due ADVERTISING: Where access will be during normal business hours, or by appointment.
5. **CITING THE STATE IN ADVERTISING:** Where appropriate, GRANTEE agrees to give credit to the State of Utah for funding.
6. **PAYMENT:**
 - 6.1 Payments are normally made within 45 days following the date a correct invoice is received.
 - 6.2 Payments to GRANTEE will be made by the STEM Action Center (STEM AC) upon receipt of a billing supported by information as INTEREST: Grantee to the State of Utah's fiscal year end procedures, the STEM AC must receive final billing no later than 15 days after the end of the State's fiscal year (June 30) and billings submitted after this date may be denied. The STEM AC will not allow payments to GRANTEE, which are not specifically authorized by this Grant.
7. **CONFLICT OF amended.** Grantee represents that none of its officers or employees are officers or employees of the State of Utah, unless disclosure has been made in accordance with Section 67-16-7, Utah Code, as CONTRACTOR: The also represents that it has no conflict of interest in performing the services for the State under this Grant, unless such conflict of interest has been disclosed to the State and approval to proceed, notwithstanding the conflict, has been obtained from the State in writing.

8. **GRANTEE AN INDEPENDENT CONTRACTOR:** The Grantee shall be an independent contractor, and as such, shall have no authorization, express, or implied, to bind the State to any agreements, settlements, liability, or understanding whatsoever, and agrees not to perform any acts as agent for the State, except as herein expressly set forth. Compensation stated herein shall be the total amount payable to the Grantee by the State. The Grantee shall be responsible for the payment of all income tax and Social Security amounts due as a result of payments received from the State for these Grant services. Persons employed by the State and acting under the direction of the State shall not be deemed to be employees or agents of the Grantee.
9. **INDEMNITY CLAUSE:** The Grantee agrees to indemnify, save harmless, and release the State of Utah, and all its officers, agents, volunteers, and employees from and against any and all claims, loss, damages, injury, liability, suits, and proceedings arising out of the performance of this Grant which are caused in whole or in part by the acts or negligence of (1) the Grantee, (2) the Grantee's officers, agents, volunteers, or employees, or (3) anyone for whom Grantee may be liable but not for claims arising from the State's sole negligence.
10. **WAIVERS:** No waiver by the State or Grantee of any default shall constitute a waiver of the same default at a later time or of a different default.
11. **SEPARABILITY CLAUSE:** A declaration by any court, or any other binding legal authority that any provision of this Grant is illegal and void shall not affect the legality and enforceability of any other provision of this Grant, unless the provisions are mutually dependent.
12. **SUSPENSION/DEBARMENT:** The Grantee certifies that neither it nor its principals are presently or have ever been debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction (Grant), by any governmental department or agency in the United States, including any federal, state, or local agency. If the Grantee cannot certify this statement, attach a written explanation for review by the State. The Grantee must notify the State Director of Purchasing within 30 days if suspended or debarred by any governmental entity during the Grant period.
13. **TERMINATION:** Unless otherwise stated in the Additional Terms and Conditions of the State of Utah, if applicable, this Grant may be terminated, with cause by either party, in advance of the specified termination date, upon written notice being given by the other party. The party in violation will be given 10 working days after notification to correct and cease the violations, after which this Grant may be terminated for cause. This Grant may be terminated without cause, in advance of the specified expiration date, by either party, upon 60 days prior written notice being given to the other party. On termination of this Grant, all accounts and payments will be processed according to the financial arrangements set forth herein for approved services rendered to date of termination.
14. **REQUIRED INSURANCE:** Intentionally deleted
15. **NONAPPROPRIATION OF FUNDS, REDUCTION OF FUNDS, OR CHANGES IN LAW:**
 - 15.1 Upon 30 days written notice delivered to the Grantee, this Grant may be terminated in whole or in part at the sole discretion of the State, if the State reasonably determines that a change in Federal or State legislation or applicable laws materially affects the ability of

either party to perform under the terms of the grant.

15.2 Upon 30 days written notice delivered to the Grantee, this grant may be terminated in whole or in part at the sole discretion of the State, if the State reasonably determines that a change in available funds affects the State's ability to pay under the grant. A change of available funds as used in this paragraph, includes, but is not limited to, a change in State funding, whether as a result of a legislative act or by order of the Governor.

15.3 If a notice is delivered under paragraph 1 or 2 of this Section 17 "NONAPPROPRIATION OF FUNDS, REDUCTION OF FUNDS, OR CHANGES IN LAW," the State will reimburse the Grantee for services properly performed up until the effective date of said notice. The State will not be liable for any performance, commitments, penalties, or liquidated damages that accrue after the effective date of said notice.

15.4 Notwithstanding any other paragraph or provision of this Section 17 "NONAPPROPRIATION OF FUNDS, REDUCTION OF FUNDS, OR CHANGES IN LAW," if the State in said notice to the Grantee indicates that the Grantee is to immediately cease from placing any orders or commitments with suppliers, subGrantee, or other third parties, the Grantee shall immediately cease such orders or commitments upon receipt of said notice and the State shall not be liable for any such orders or commitments made after the receipt of said notice.

16. **POLITICAL SUBDIVISION PARTICIPATION:** Participation under this grant by political subdivisions (i.e., colleges, school districts, counties, cities, etc.), nonprofit organizations, and agencies of the federal government will be voluntarily determined by the political subdivisions, nonprofit organizations, and agencies of the federal government.
17. **PUBLIC INFORMATION:** Grantee agrees that this Grant shall be a public document, and shall be available for distribution. Grantee gives the State express permission to make copies of this Grant and invoices in accordance with the State of Utah Government Records Access and Management Act (GRAMA). This permission to make copies as noted will take precedence over any statements of confidentiality, proprietary information, copyright information, or similar notation.
18. **PATENTS, COPYRIGHTS, ETC.:** The Grantee will release, indemnify, and hold the State, its officers, agents, and employees harmless from liability of any kind or nature, including the Grantee's use of any copyrighted or un-copyrighted composition, secret process, patented, or un-patented invention, article, or appliance furnished or used in the performance of this Grant.
19. **ASSIGNMENT/SUBGRANT:** Grantee will not assign, sell, transfer, subgrant, or sublet rights, or delegate responsibilities under this Grant, in whole or in part, without the prior written approval of the State.
20. **FORCE MAJEURE:** Neither party to this Grant will be held responsible for delay or default caused by fire, riot, acts of God and/or war which is beyond that party's reasonable control. The State may terminate this Grant after determining such delay or default will reasonably prevent successful performance of this Grant.
21. **CONFIDENTIALITY:** Grantee, and anyone for whom the Grantee may be liable, must maintain

the confidentiality of any non-public personal information. Personal information includes, but is not limited to, names, social security numbers, birth dates, address, credit card numbers and financial account numbers. The State reserves the right to identify additional reasonable types or categories of information that must be kept confidential by the Grantee and anyone for whom the Grantee may be liable. This duty of confidentiality shall be ongoing and survive the term of this Grant.

22. **CONFLICT OF TERMS:** In order for any terms and conditions of the Grantee to apply to this Grant, they must be in writing and attached to this Grant. No other terms and conditions of the Grantee will apply to this Grant, including terms listed or referenced on a Grantee's website, terms listed in a Grantee quotation/sales order, etc. In the event of any conflict in the terms and conditions in the Grant, the order of precedence shall be: (1) Attachment A: State of Utah Terms and Conditions (this document); (2) State of Utah Grant Signature Page(s); (3) Additional Terms and Conditions of the State of Utah; (4) Terms and Conditions of the Grantee, if any.
23. **DISPUTE RESOLUTION:** In the event of any dispute under this Grant prior to any filing in any judicial proceedings, the parties agree to participate in good faith in the mediation of the dispute. The State, after consultation with the Grantee, may appoint an expert or panel of experts to assist in the resolution of the dispute. If the State appoints such an expert or panel, State, and Grantee agree to cooperate in good faith in providing information and documents to the expert or panel in an effort to resolve the dispute.
24. **COMPLIANCE WITH HOUSE BILL 312 and SENATE BILL 132 2015 SESSION:** GRANTEE certifies that it has received and understands its requirements under Utah Code Annotated 51-2a-102, 51-2a-201, 51-2a-201.5, 51-2a-301, 63J-1-201, & 63J-1-220. The GRANTEE shall notify the state entity that is a party to this contract of this fact, in writing, and shall comply with all requirements of the above mentioned sections of the Utah Code. GRANTEE shall provide all documentation required by these sections of the Utah Code Annotated, in particular documentation evidencing the amounts of government received monies listed in 51-2a-201.5(2), and if applicable, the itemized reports listed in 63J-1-220(2)(b), before receiving any state monies and affirms that GRANTEE will adhere to all requirements of these sections of the Utah Code. GRANTEE acknowledges that the State is bound by the provisions of these sections of the Utah Code referenced above and may withhold money or demand return of any money appropriated if the GRANTEE fails to comply with any provisions of the sections referenced above, or as those sections are amended.
25. **ENTIRE GRANT:** This Grant including all attachments and documents incorporated hereunder constitutes the entire agreement between the parties with respect to the subject matter, and supersedes any and all other prior and contemporaneous agreements and understandings between the parties, whether oral or written. The terms of this Grant shall supersede any additional or conflicting terms or provisions that may be set forth or printed on the Grantee's invoices, or any other related standard forms or documents of the Grantee that may subsequently be used to implement, record, or invoice services hereunder from time to time, even if such standard forms or documents have been signed or initialed by a representative of the State. The parties agree that the terms of this Grant shall prevail in any dispute between the terms of this Grant and the terms printed on any such standard forms or documents, and such standard forms or documents shall not be considered written amendments of this Grant.

Computing Partnership Grant Scoring Rubrics

	0	3	5
Applicant Information	DISQUALIFIED Applicant failed to provide all requested information.		QUALIFIED Applicant provided all requested information.
Project Summary	DISQUALIFIED Applicant failed to provide all requested information.		QUALIFIED Applicant provided all requested information.
Current Activities	Does not address current out-of-classroom and integration efforts at each participating school.	Includes some description of current integration efforts at each participating school.	Clearly describes all current out-of-classroom and integration efforts at each participating school.
Collaborations and Partnerships	Provides no description of collaboration with post-secondary institutions, industry/employers, economic development agencies, and/or local Department of Workforce Services	Provides adequate discussion of collaborations collaboration with post-secondary institutions, industry/employers, economic development agencies, and/or local Department of Workforce Services	Provides comprehensive description of collaboration with post-secondary institutions, industry/employers, economic development agencies, and/or local Department of Workforce Services

Project Description	Does not address description of need and goals of the activities. Does not connect activities with increased computing opportunities.	Some explanation of need and goals. Some description of increased computing opportunities, but lacks direct connection.	Demonstrates clear and compelling description of need and goals of the activities. Demonstrates how activities lead to increased computing opportunities.
Sustainability and Next Steps	Provides no sustainability plan.	Adequate description of possible sustainability strategies to address partnership and funding needs.	Provides clear explanation of how the activities will be sustained beyond the grant, including outreach and communication strategy, partnerships, funding.
Evaluation	Metrics are not addressed.	Metrics are included but do not address all appropriate measures and/or are not reasonable.	Metrics are complete. Recorded metrics are reasonable to be accomplished.
Deliverables and Outcomes	Provides no description of deliverables to be created through grant funding.	Provides adequate description of deliverables	Provides robust description of all deliverables, with direct connection to grant funding.

Budget Description	Budget template is incomplete and/or narrative does not provide description of the use of each line item amount toward goals and deliverables.	Budget template is completed. Narrative provides some description of how each line item amount will be used to attain activity goals and project deliverables.	Budget template is complete and narrative describes clearly how each line item amount will be used to attain activity goals and project deliverables.
Letters of Commitment	DISQUALIFIED Applicant failed to provide letters of commitment from all funded partners.		QUALIFIED Applicant provided all requested letters.
Approvals	DISQUALIFIED Applicant failed to provide a completed Approval Sheet.		QUALIFIED Applicant provided Approval Sheet with all required signatures.
